A £5,000 Donation/Sponsorship Can transform the lives of 120 students by providing access to one school to experience a world-class live performance, Celebrating African culture, a multimedia art gallery and a purpose-driven cultural programme.

Founded by Grammy-nominated composer and painter Ella Spira MBE and former Royal Ballet ballerina Pietra Mello-Pittman MBE, Sisters Grimm is a female-founded, B Corp-certified production company whose work has reached over 200 million people worldwide.

Since its world premiere in 2014, INALA has toured internationally and performed on some of the world’s most prestigious stages, including the Royal Albert Hall, and for royal audiences at Hampton Court Palace and on the Royal Variety Performance.

What your Support makes Possible

Up to 120 pupils from one underserved school will have access to:

- A live West End performance of a Grammy-nominated production
- Pre show and In school workshops exploring movement, music, art and storytelling
 - The opportunity to meet the founders and hear their journey
- A guided introduction to the multimedia art gallery and creative process
- A powerful shared experience of dance, culture, and collaboration

For many students, this will be their first time in a theatre, first experience of live performance, and first encounter with careers in the creative industries.

Proven Impact

INALA has previously partnered with organisations including Mosaic and The Prince’s Trust, and to date, over 12,000 children and young people have benefitted from their free, award-winning impact initiatives.

It is now time to invite the next generation into this experience in its most intimate format yet.
